Profile

Results-driven software engineer with a proven **track record of thriving in fast-paced startup** environments. Over the course of three years, I played a pivotal role in developing features that directly **impacted millions of users**, including a **startup with a user base of 3 million.**

Areas of Expertise

Full-Stack Development | Cloud Computing | Agile Methodology | RESTful APIs | Testing | Database Management | Web Development & Automation | Cross-Functional Collaboration | Algorithm Development

Languages: JavaScript | TypeScript | Python | Ruby | C++ | Swift

Technologies: AWS (S3, EC2, Lambda) | Azure | Heroku | GitHub | Docker | Terraform | Command-Line

Frameworks & Libraries: Ruby on Rails | React | Redux | Next.js | Django | Flask

Databases: Postgres | SQL | MySQL | NoSQL | MongoDB | Redis

Experience

August 2023 - PRESENT

ModernTax, San Francisco – *Software Engineer*

- **Designed and created RESTful API** to enable customers to query business tax transcripts
- Implemented a CSV upload feature that allows businesses to request tax information through the web UI
- Migrated our web application to Amazon Web Servers to **decrease server costs by 40%**
- Improved engineer workflow by implementing a Trello ticketing system
- Added pagination and caching to API responses to **improve server latency by 25%**

August 2020 - July 2023

Zight, San Francisco – *Software Engineer*

- Implemented new features to web applications (user activity notifications, file expiration settings, webhooks, analytic tools, monthly user reports)
- Created an automated script to **migrate over 200,000+ customers**
- Added a video/audio player to enable playback on .wav, .mp4, mp3 files
- Created an automated script to **fix over 10,000+ broken links** due to database and account errors
- **Saved the company $5,000 in annual saving**s by creating an in-house analysis software feature that tracks user information for our marketing and quality assurance teams

Education

July 2021 - July 2023

Dominican University of California, San Rafael – *Computer Science B.S.*
